Dear Sirs,

Re: Letter of Appreciation – Dwat-E-Islami & Sayed Muneeb UI Hassan

We wish to express our heartfelt and sincere appreciation for the work your organisation has carried out during the previous 12 months at a time where many of our residents have been in need of help.

As elected representatives of Wards within Walsall MBC we have seen first-hand and been contacted by those that you have helped telling us of the excellent and very welcomed support you have given to people during their most difficult times. Your work in helping people with the deaths, religious cleansing of the bodies and then the funeral has been invaluable to our constituents and to our community as a whole.

In particular we wish to commend and appreciate the work and support that Sayed Muneeb UI Hassan has carried out during these times. We understand that he has helped families to carry out their religious duties and has carried out many Ghussals – Religious washing of bodies. This has no doubt been a very valued and essential service that Sayed Muneeb UI Hassan has provided and as the representatives of St Matthew's and Pleck Wards we wish to personally thank him for his efforts.

It is point to note that under your stewardship that such a person has been able, willing and inspired to help others. This is a true reflection of the amazing work that your organisation is carrying out and inspiring on a daily basis across the United Kingdom.

Kind regards

Councillor Aftab Nawaz

Councillor Khizar Hussain
